INFINITE SOLUTIONS OF TAILOR-MADE MODERN CREATIONS

Between the pale and the concentrated the designer tries to find out a middle way, sketchybut not simple,elegant but not extravagant, remembering past times without sentiment.house has no life , yet we give it life,and so it memorizes many stories.

An innovative aesthetic quality, total composition flexibility, a variety of fixtures and accessories: there are multitudes of aspects that make Mondrian a unique, exclusive sofa system; a prompt response to new furnishing demands. The composition presented in this issue confirms these qualities, seamlessly bringing together a wide variety of elements.

Between the pale and the concentrated the designer tries to find out a middle way, sketchy but not simple, elegant but not extravagant, remembering past times without sentiment. House has no life, yet we give it life, and so it memorizes many stories.

We do not require that all the people can recognize and enjoy our products, because we never make compromise with any profane insight, because we only cooperate with bosom friends, then who are our bosom friends? In our opinion, they must experience good educations and pursue higher life style and emotional appeal, they are excellent fashionable persons, who do not follow the masses, are moder but not inundant, present the deep thought of the life and unique comprehension on the art, better economic foundation, are full of responsibility and aff action and redound upon the society.

Between the pale and the concentrated the designer tries to find out a middle way, sketchy but not simple, elegant but not extravagant, remembering past times without sentiment. house has no life, yet we give it life, and so it memorizes many stories.
