

HQSET

THE ART OF LIVING

HOSET

HOSET

HOSET is consist of the initial letters of Vision, Inspiration, Nature, Elegance, Knowledge, and Originality. Each letter represents one essential element of quality life. Combine all of the six elements, we believe that **"Vision and Inspiration from Nature, Elegance and Knowledge to create Originality"**. The inheritance of European style, innovative design and perfect quality that raise up **HOSET** to be the one of leading brand of fashion and quality outdoor furniture.

BONIGEN

HÖSET

Life is a Journey of Discovery. Every new day presents us with new discoveries, just live the day in the best way you can.....
Step out of the box, exploring the world for unique natural wonders, the arts, history, architecture and especially the simplicity of local life. It's our good fortune to learn from nature.

SPACE DAYBED

Daybed 2-Seater

SPACE DAYBED

The inspiration of Space Daybed came from the concept of spacecraft.

Its design is intended to explore the development direction of outdoor furniture in the future. The overall appearance is designed to be like a spacecraft. Elaborately designed backrest achieved fluently streamline shape; give a sense of dynamic and flexibility.

It is endowed with 360° rotating function to provide the best viewing angle when people lying on it on the terrace. Umbrella, LED lamp, and wireless speaker as the optional accessory highlights the smart function and brings people unexpected unique outdoor life.

HALO

Halo design is both practical and interesting, breaking limitation of the conventional structure design. Annular metal frame interlaced out the stable "X" construction, easy to be folded and store, especially suitable for driving a trip to carry with. Batyline's soft breathable performance is also maximized in this design to provide care and support.

BRIENZ

Inspired by odd toys that accompany the childhood in memory, the design of Brienz chair comes into being. Simple lines outline the interesting profile, immersed in the colorful childhood impression, the soft and elegant chair-stool in modern style comes out. Smart design of the chair back and careful consideration of the rotating structure give Brienz a unique "transformation" function, which can be arbitrarily converted between stool and backrest chair, useful for a variety of scenarios in quality life.

Furniture cover usage

Outdoor furniture still requires a little bit of care. These covers are made from waterproof and UV-resistant solution-dyed polyester fabric, which can protect furniture from light rain, dust and mildew forming, to prolong the life time of furniture.

Make sure the furniture is not wet before covering. After heavy rains or snow, checking of the furniture cover is necessary, remove the snow or water on the cover to keep it in good condition.
